Searcy of London Wine Club presents Dinner with Lenz Moser at the Portrait Restaurant.

Lenz Moser and The Searcy of London Wine Club are proud to host a special dinner at the Portrait Restaurant at the National Portrait Gallery. Following a stint as European Sales Director for Robert Mondavi Wines, fifth generation winemaker, Lenz Moser has returned to his roots crafting fabulous white wines solely from Austria's predominant grape variety Gruner Veltliner. Lenz's mission is to spread the word far and wide about Gruner Veltliner, and prove to wine drinkers that Gruner is a citizen of the fine wine world. The vineyards of the Kamptal and Kempstral regions near Vienna, provide the ideal growing conditions for this exciting and increasingly fashionable variety.
