

LAURENZ V.

It is a humbling moment for us at Laurenz V.: A truly innovative and great Gruner is born! Our **NEW SILVER BULLET GRÜNER** has cult potential!

The old dream of Laurenz, the fifth, has come true as he always wanted to name a gruner the SILVER BULLET (well, growing up in California in the late 70ies ☺).

And the wine shows its nobility! It grew on the slopes of **Kamptal's major town Langenlois** in the vineyards of "Kogelberg" and "Gaisberg" (loamy soils) and "Grub" (gravel and primary rock) for a lingering creaminess, length and a surprising yet very pleasant zip respectively. It was a noble task, first to select the vineyards ideally suited for the style of wine we had in our minds and then to take all the different vineyards lots and compose this wine – it was a bit like the Champagne assemblage when we added up to 17 different parcels for the 26.000 bottles produced – yes we do know this is not a lot but the next harvest is in 7 months ... at the latest:

This Gruner gives you all the flavors of a modern white in an elegant and extremely enjoyable form: white grinded peppery nose with exotic hints and a floral bouquet. It is fresh, brimming of youth and full of joy. On the palate juicy elegance with a slightly creamy texture, yet dry with a lingering 25 seconds long finish. The vintage 2008 for me is the best in the last 10 years: What you get is a maximum of Gruner in great finesse ... and it definitely lifts your spirit (-> brain to mouth – the next sip pleeeaaazzz).

"WHY" would you go for it, apart from a typical & modern top Gruner from L5 ?

- **500 ml = A new package in Austria**
- **SILVER BULLET GRÜNER is the first to use this innovative 500 ml bottle – Stelvin of course – upon a lot of request from on and off trade accounts.**
- **Although being a super premium Gruner (playing in the "Smaragd" league) it is in an affordable price bracket -> 500 ml**

Yours very sincerely,

LAURENZ MARIA MOSER, the Gruner man
